

Alex Bravo Palacios

Brooklyn, New York | alexbravo611@gmail.com | (347) 776-9213 | GitHub

PROFESSIONAL SUMMARY

Electrical engineering student with hands-on experience in hardware design tools, Python development, and enterprise AI integration. Co-founded a school Computer Science Club and built functional mobile applications. Bilingual in English and Spanish.

EDUCATION

Urban Assembly Maker Academy High School

High School Diploma.

June 2026

EXPERIENCE

Job Shadowing Participant

Feb 2024 – Feb 2024

Avanade, through Junior Achievement of NY

- Collaborated with cross-functional teams during a full-day immersive session to integrate Gemini AI into daily professional workflows.
- Applied AI formatting and prompting techniques to improve team productivity and response quality.

Cashier

Feb 2024 – Present

Fatty Daddy Taco

Brooklyn, New York

- Trained and onboarded 5+ new employees to improve team performance.
- Collaborated with management on employee scheduling and operational planning.
- Managed inventory, procurement, and stock replenishment.

PROJECTS

Engineering Fundamentals Workshop

Jul 2025 – Aug 2025

- Completed a three-week intensive covering mechanical, electrical, and computer engineering fundamentals.
- Gained hands-on experience with CAD modeling, Multisim circuit simulation, breadboarding, and DoDot programming.
- Built a fully automated conveyor-based testing system as a capstone project.

Mobile App Development Club Projects

- Built a Pokemon-themed guessing game and a daily Bible verse app in Python as part of a school club.
- Designed and tested app logic, user input, and output handling through iterative development.

GitHub Portfolio https://github.com/alexbravo611-oss/Alex_Bravo_Portfolio

- Curated collection of engineering projects including automation systems, CAD models, circuit simulations, and embedded programming.

Python Peer Learning Group

- Diagnosed and resolved coding challenges collaboratively, exploring real-world applications of Python programming.

ACTIVITIES & LEADERSHIP

Computer Science Club

Feb 2024 – Present

Co-Founder

- Co-founded the club at Urban Assembly Maker Academy with 5–6 members; collaborated on algorithmic problem-solving and programming projects.

SKILLS

Technical: AutoCAD, KiCad, Multisim, Fusion 360, Python, Mobile App Development, Gemini AI, AI Tools

Professional: Team Leadership, Inventory Management, Customer Service, Scheduling and Operations

Languages: English (Fluent), Spanish (Fluent)
